for some reason the rest of Jenns conversation wont let me forward, I think your email believes its spam, because I have to do them one by one, when I send them, so here it is word for word, Tonya

Jenn I gota ask are you a cop or do you work for them?

Tonya Lol no why would you ask me that? No Jennifer I am not a cop and nor do i work for them.

Jenn Sheriffs need me to come talk to them about Heidi Allen

Tonya What are you going to tell them? Why the hell would you think I am a cop?

Youve been around me since Hastings. I hate all the same men you do. Im just a mom

Jennifer im far from a cop.

Jenn My lawyer told me to ask everyone I have talked to about it

Tonya Truth maybe you should tell them the truth. *I dont know how you carry that.*

Waynes death was enough for me. Its not who you are at all. DB dont be afraid of DB put that asshole where he belongs, he threatened me as well. I just moved. I want no part of that area Jenn. s not who you are or missy is you two girls were put in to the wrong group like me, none of it is right but no jennifer I am not a cop.

Jenn well since all the stories are third party people IDK what to believe..but you better believe I am going to tell the story you told me. Which I never heard until last week. who is DB?

Tonya Nice try Jenn. You carry it the rest of your life. Your far from the person I thought you were.

You have the power to do whats right..if you cant not my problem.

jenn who is db

tonya you damn well know who db is. One thing I cant stand Jenn is a liar.

jenn whatever tonya

tonya truth hurts jenn..im sorry you feel Im a cop lol im sorry you feel the need to carry this. I dont know how you do it

Its defintly not you but I know the truth/ So do you, no matter what you try to text me. A child died. To have no remorse

makes you one sick human being. Because of that dont text my phone again.

Jenn Actually its you carrying it I never heard anything else other than the tibidous doing it. so if you knew something

different you should have come forward.

Tonya we will see Jennifer, truth Jenn lets be honest. you were there, if anyone should have come foreward it should have been you.

you were there. It should be you. you were there. so you go ahead and try to oush your lies on to me. I wont back down from you

Jennifer I am far from a liar.

this was our entire conversation and then she stopped texting me. I am not responding to anyone anymore. This is getting very difficult now that they are reaching out to me. I need you guys to back me, stand up and do whats right before db does find me. Its not Jenn I am worried about its DB and his group of boyscouts.
